## Sustainable European Farm Animal Breeding And Reproduction

(QLG7-CT-2000-01368,  
December 2000-December 2003)  
[www.sefabar.org](http://www.sefabar.org)

EU funded thematic network of commercial animal  
breeders, academics (geneticists, social scientists,  
economists and bioethicists) and NGO representatives

*The European farm animal  
breeding sector is highly  
successful globally.*

*The key challenge is how  
to balance potentially  
conflicting concerns.*
